It is alarming situation in western Uttar Pradesh that one hand increase of extra- judicial killing and second hand increase in 17% of the crime. It shows the collapse of rule of law and new era of rule of lord based on unholy alliance of corrupt politicians, corrupt police office and corrupt of non state actors. It is a dangerous way towards elimination of spirit of Indian Constitution. Hon'ble Commission need to intervene more seriously with internal discussion with higher police officials and politician in Uttar Pradesh,

Therefore it is a kind request please direct for the following demands

1. To conduct an inquiry in this incident under section 176(1)A Cr.PC by a Judicial Magistrate
2. To provide compensation of one crore Ruppess to family and file FIR against responsible police officials.
3. To provide security to the deceased Sumit Gujjar family members

Thanking You
